OXFORD HIGH SCHOOL

Bits and Pieces of a Memory

Bits and pieces of a memory
faded into time,
Trying to recall the fragments
in the corners of my mind.
Our cherished high school days
with our own special class
Are now all memories of the past.

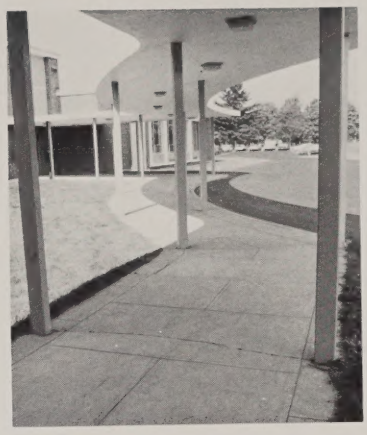
Reflecting upon the way we were,
We conquered fears, became mature.
With confidence gained,
We learned to cope,
to make decisions and to hope.

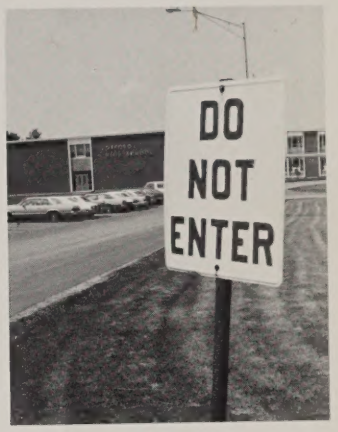
Remember those broken rules,
last chances, winning seasons,
silly daydreams, high school
romances?
These priceless moments have
played a part,
To be added to the many memories,
Already in our hearts.

As the years pass by,
We'll glance at faded photographs
recalling high school memories
shared with special friends,
All the fun we had,
never wanting it to end.
Memories are the only thing
left with in the end.

Bits and pieces of these memories
will be with us through time,
For we're the one and only,
the Class of '79'!

Judy Rivers





FOREWORD

Oxford High School has been our second home, a place where we have created everlasting friendships and memories. It has offered us numerous opportunities through which we have grown both mentally and physically. In taking advantage of these opportunities, we have built confidence in ourselves — the confidence to choose our destinies and to use to the best of our abilities the tools we have acquired at Oxford High and the confidence to attempt to reach our ultimate goals.

Upon leaving Oxford High, the doors are closing behind us leaving our high school days in the past. New doors are opening before us, giving us opportunities and welcoming us to a new phase of life.

The intention of this year's Ravelin's staff is to try to preserve the bits and pieces of our school life that have made it unique.

DEDICATION

With great satisfaction and sincere gratitude, the Class of '79 says, "Hats Off", and proudly presents this year's edition of the Ravelin's to our principal, Mr. Irwin D. Pottle.

A native of Oxford, Mr. Pottle is a graduate of the Class of 1934. Although he excelled in sports, he was also a brilliant scholar, winning the Senior All-Around Medal, the Rensselear Mathematics and Science Medal and the Washington and Franklin History Medal. Thus, he became the prime example of a well-rounded person. He served as president of his class during his Junior and Senior years, and tended to all his duties in a business-like manner. According to his yearbook he even then had such good qualities as leadership, character, popularity and good-sportsmanship. He was an all-round outstanding citizen.

Mr. Pottle earned a Bachelor of Arts Degree from Clark University, where he was captain of the basketball team. Under his direction this team won numerous championships. It was from Worcester State College that he received his Masters in Education, also taking graduate courses at Boston University.

His career began as a social studies teacher at Oxford High School where he also coached both the basketball and the baseball teams. In January of 1943 he became Assistant Principal of Oxford High School, and in September of 1954, became its Principal, presently serving in his twenty-fifth year.

With a capacity for leadership, an undying devotion to the town of Oxford, and an enduring interest in his students, this man is one of the reasons that Oxford High School has been so productive.

Irwin D. Pottle is a man of whom we are proud. Let him be a model of what we can do with our lives. His influence on us will long be remembered.

JUNIOR PROM

KNIGHTS IN WHITE SATIN

On April 14, 1978, the Class of '79 held its Junior Prom in the school's cafeteria. It had been tastefully decorated by the students in soft pastels. The prom was catered by Mattei Catering Service and the entertainment was provided by a local group "Good Feeling Good".

Nancy Fennessy was chosen queen; members of her court included Judy Rivers, Dawn O'Reilly, Sue Mason, and Rose Cascione.

The theme song for the prom was "Knights in White Satin". Everyone had a lovely time and will remember it always.

1978 SPIRIT WEEK

The second annual Spirit Week was held the week of Thanksgiving. The Student Council was in charge of the organization of various activities, which were instituted to get the student body "psyched" for the big rivalry against the Auburn Dandies on Thanksgiving morning.

Every student dressed in the school colors of orange and black or as a pirate throughout the week and participated in the football pep rally. Each class decorated its respective corridor to prepare for the big contest to determine who best exemplified the Pirate Spirit.

First place was awarded to the freshman class who received a Spirit Week plaque and twenty-five dollars to be placed in the class treasury. The sophomores received fifteen dollars for their second place efforts and the eighth graders placed third, receiving ten dollars.

CAREER DAY

On November 15, 1978, Oxford High School held its first Career Day. The event was organized and directed by Arthur Tateronis. In conjunction with the guidance office there were many student volunteers working with him to shape this into a new and successful experience.

As the coordinator of such a program, Mr. Tateronis called upon professionals primarily from the local area, to inform students of available career opportunities and those which might interest them. There were approximately fifty career possibilities from which the students chose only four and attended those respective seminars. All fields were popular and they ranged from careers of a computer operator to conservation officer, fasion designer to dietician, radio station manager to police work or hospital administration.

Seminars were scheduled for the first four periods of the school day, during which time students attended presentations on career advice, employment opportunities, and possibilities of futures in such careers. Time was also allotted for the students to ask any questions they may have had and to speak on a one to one basis with the professional concerning their field of interest.

Upon conclusion of Career Day, everyone was left with a knowledge of their special career interests and an intense feeling of satisfaction and participation. The event was a total success for the professionals who came to visit as well as for the teachers and students (and may well be the ground work for a second Career Day). The many long hours and hard work that Mr. Tateronis spent in shaping such a wonderful, educational experience is commendable and greatly appreciated by all.

FOOTBALL

The football team ended a successful season with a record of 6-3. O.H.S. beat Grafton in the opening game which sparked us into a mid-season record of 4-0. Although we suffered defeats, which kept us out of the District Playoffs, we topped off the season with a 30-16 victory over Auburn at the Thanksgiving Day game.

The Steve Snyder trophy was awarded to senior Scott Foster, who was a key member of the team with his quick offensive running. Co-Captain Jim Wessell received the Oxford Rotary Club award for his great offensive and defensive abilities.

SOCCER

The soccer season ended with an impressive 12-6-1 record. This was their best record ever and was highlighted by the victory over their rivals, the Bartlett Indians. This year was the first time in the history of Oxford soccer that we came out on top of Bartlett, beating them twice during the season.

The Pirates won their first Southern Worcester County League Championship this year. This victory placed them in the District III playoffs, where they lost the final game to Sutton.

Providing outstanding defense for the Pirates were Senior members: David Goding, Co-Captain Mike Correria, and goalie Ricky Bixby. Controlling the forward line were offensive Seniors: Jeff LaBonte, Brent Vezina, Steve Constantine, and Billy Corey. Unfortunately Senior defensive man Joe Maynard was unable to play in the districts because of an injury, but was there with moral support for his team like so many O.H.S. fans.

Co-Captain Billy Corey set a new school scoring record of twenty-two goals, breaking the old record by six goals. Billy is the first soccer player from Oxford High School to be named to the All-State Soccer Team.

Junior Varsity also had an outstanding season with a final record of 6-2-2.

Ice Hockey is a relatively new sport at Oxford High. The two-year old sport is made up of a team of talented and skilled players. Their fine skating ability has earned them a 10-3-1 record in the Southern Worcester County League and, for the first time, Oxford has qualified for the District playoffs. At the conclusion of the season the hockey team had an overall record of 10-4-1 and a second place victory in the Districts.

Junior Ross Fournier and Senior Richard Bixby were high scorers for the season. Ross had fourteen goals and nineteen assists while Richard had sixteen goals and fourteen assists. Other senior players have made a great contribution to the team. They are the "super good" goalie, Mark Berthiaume, defensemen Kenny Rice, Richard Bixby, and Kevin Rutter, Wings Kenny White and Mark Williams and Glen Kobel, center.

BASKETBALL

The Oxford High School Varsity Basketball team has played its first and best winning season ever under the coaching of Ernie Boss and captains, Brian Degnan, George Gomes, and Scott Foster. In the Southern Worcester County League, the team's record is 13-1 in which they tied with Northbridge. The Varsity has a strong starting lineup whose winning teamwork has often led them to victory. Consequently, they won their two most important rivalries — the best and biggest game is one in which Oxford defeated Northbridge by fifteen points breaking that team's perfect record; Bartlett was also defeated with a final score of 70-69.

In addition the team has an all around record of 17-4. They have made it to the District quarter finals defeating Marlboro 64-57 and are well on their way to the semi-finals. A victory could then send Oxford to state competition. Presently, the Varsity team is seated sixth out of eighteen in the Clark Tournament — losing to Oakmont by a score of 69-63 in double overtime. Oxford's final, overall record was excellent. The games lost were by a narrow margin. In their 17-4 record, two of the games were lost by one point, one by nine points, and one by six points in double overtime.

The team still has a strong, successful season ahead of them and the team is fully supported by all the students and faculty.

The following people make up the strong starting lineup:

Mike Palermo, Junior, is a good defensive/offensive guard.

Senior Captain Brian Degnan is a strong guard who shoots from the outside.

Senior Captain Scott Foster is a forward, good jumper and very strong underneath.

Senior Captain George Gomes, guard and forward, is a hustler and a good scorer.

Mark "Tree" Westall is the Junior center for the team. He is a high scorer and rebounder.

Brian, Scott and Mark are all averaging double figures in scoring.

THE CLASS POEM OF 1934

All too soon we must part from our classmates,
For our four years of high school are done,
Like a person departing from this life,
We wish it had only begun.

Yet, we're eager to see what life offers —
We have confidence in our ability to "do" —
Our teachers have taught us "book learning"
And we want to prove that it's true.

Now we are at the crossroads,
Each one eager, eager for life
Life so far has been pleasant,
But we'll gladly begin the strife.

We want to thank all our teachers
And of course our parents, too,
For their help and inspiration —
To them our success is due.

Myrtle Alyce Tomlinson
